# Lessons from Nancy

**O**nce again, the nation's attention is focused on the White House. This time, it's not because of a scandal or a crisis, but because of a woman's name. The collage consists of several small, faded photographs arranged in a grid-like fashion. These images depict the aftermath of the tsunami, showing people, damaged buildings, and debris. In the bottom right corner, there is a larger, more prominent photograph showing a person standing in front of a severely damaged structure, possibly a school or a public building, with rubble and twisted metal visible.
